UGDL

Utah Government Digital Library

STATE OF UTAH

INSPIRE
INFORM
INSTRUCT

We help Utah state employees and members of the public locate government information. We also provide reference services and search interface training sessions.

Utah State Library
Division

Our Mission

The Utah Government Digital Library (UGDL) exists to provide easy to use and permanent access to born digital and digitized print publications created by State of Utah agencies, county and city governments.

Features

Highlights include the Laws of Utah, Annual Reports from over 40 agencies as well as Public Health, Legislative, and Court publications.

Collections

The Utah State Library's government publication collection contains over 100,000 items with a date range from 1851 to the present. Users of the collection have free access to a wide variety of statistics, reports, newsletters, maps, videos, and audio files.

Metadata

Every item includes enhanced metadata making it easy to find like items. The entire collection is full-text searchable.
